PROFILE

Detail-oriented Front-end Web Developer focused on building responsive, high-performance, and user-friendly web applications. Proficient in React, TypeScript, Tailwind CSS, SCSS, HTML, CSS, and JavaScript, with strong experience translating design mockups and wireframes into pixel-perfect, interactive interfaces. Skilled in performance optimization, cross-browser compatibility, and delivering seamless user experiences while adhering to modern front-end best practices.

COMPETENCY

- Responsive Design
- Website Optimization
- Search Engine Optimization

WORK EXPERIENCE

Freelance Web Developer

self-Employed

current

- Develop responsive and dynamic web applications using React, Next.js, and TypeScript, ensuring cross-browser compatibility and optimal performance.
- Maintain code quality with clean architecture, reusable components, and version control using Git.
- Collaborate with clients to translate design mockups into functional web interfaces.

Front-end Developer

Ubuntu Graphix / Remote

March 2023 - Nov 2024

- Planned and executed website development projects, transforming mockups into fully functional websites.
- Built websites using HTML, CSS, JavaScript, SASS/SCSS, and WordPress.
- Implemented SEO best practices, ensuring sites were optimized for search engines and user engagement.
- Developed optimized landing pages with HTML and CSS, ensuring cross-browser compatibility and fast load times.
